FOR IMMEDIATE RELEASE

ACRA CONTROL INC appoints Vice President Marketing & Sales

February 2009, Hollywood, MD - ACRA CONTROL INC announce David Sniffin has been appointed Vice President of Marketing & Sales, effective immediately.

Mr. Sniffin will have responsibility for overseeing the continuing expansion of ACRA CONTROL's products and services throughout the Americas including the United States.

John Kolb, President and CEO of ACRA CONTROL INC, said "I am pleased to announce the appointment of David to Vice President of Marketing & Sales. Through his experience, David will lead the next phase of expansion in becoming a diverse multi-product aerospace company. Through his vast knowledge of our markets, David will continue our partnering with customers to develop mutually beneficial products for the operational and R&D aerospace community."

Mr. Kolb also commented "David is joining us at an optimal time with respect to our growth profile as well as our recent introduction of rugged data recorders and network products for the aerospace community. These products complement our existing airborne data acquisition, signal conditioning and real time ground analysis products that are well accepted into the global marketplace. His demonstrated leadership will definitely allow us to continue this growth for years to come."

Mr. Sniffin has served as Director of Business Development for L3 Communications Telemetry East and most recently as the Marketing Manager of Herley Industries.
